

Membership Information and Member List

USCID provides the following benefits to its Individual, Library, Institutional, Water District and Corporate Members:

- Updated Professional Skills for Career Advancement
- Professional Interaction with Peers
- Exposure to New O&M Technology and Practice
- Opportunities to Help Developing Countries Grow More Food
- Interaction with U.S. and International Water Leaders
- Contacts for Water Related Businesses
- Interface Between Researchers and Practitioners
- Engagement with Other Points of View
- Connection with the International I&D Community
- Discounted Access to World Class Conferences and Publications
- Study Tours of High Performance I&D Systems
- Opportunities to Publish the Results of Your Work

Individual Memberships

- Individual -- Individuals with an interest in or responsibility for work in irrigation, drainage or flood control are eligible to join. Professionals involved in engineering, environmental sciences, social sciences, economics, water law, soil science and related disciplines are invited to join and participate in USCID activities. Annual dues are \$100.
- Life -- Individuals paying a one-time fee of \$1700, are eligible to join as Life Members.
- Young Professional -- Individuals who are age 35 years or younger, are eligible for Young Professional Membership. Annual dues are \$50.
- Senior -- Individuals who are age 65 years older, have been USCID Members for 10 years, and who are fully retired from professional work are eligible for Senior Membership. Annual dues are \$60.
- Student -- Individuals enrolled full time in a U.S. college or university program related to irrigation, drainage or flood control are eligible for Student Membership. Annual dues are \$20. The first year of Student Membership is free.

Organizational Memberships

- Categories of Organizational Membership include:
- Institutional -- annual dues \$350
- Water District -- annual dues \$350
- Corporate -- annual dues \$700
- Sustaining -- annual dues \$2,900

All four Organizational Member categories receive the USCID Newsletter. The name of the organizational member is listed on a page linked from the USCID website.

Institutional, Water District, Corporate and Sustaining Members may designate four individuals who can hold full Individual Member status without additional charge, two of which must qualify for Young Professional Membership (age 35 or younger).

Membership Information and Member List

Four Water District employees are entitled to the reduced USCID Member registration fee at all USCID meetings. Corporate Membership also includes a free professional card in the USCID Newsletter and the USCID Membership Directory or a discount of 20 percent on display ads in the Newsletter and Directory, as well as a 20 percent discount on exhibit spaces during USCID meetings and conferences.

Sustaining Membership also includes a free exhibit space for each USCID conference, including one registration and program recognition, plus one additional free registration at each USCID Conference.

To join USCID, please complete the online membership applications.
