

Past USCID Meetings

Finding the Balance — Improving Infrastructure, Water Management,
and the Environment in a World with Limited Funding and Ample Regulations
Sacramento, California — October 24-27, 2017

[Sacramento Conference Summary](#)
[Panel Discussion — Surface Water/Groundwater Interactions](#)

Improving Irrigation Water Management —
Latest Methods in Evapotranspiration and Supporting Technologies
Fort Collins, Colorado — October 11-14, 2016

[Fort Collins Conference Summary](#)

Water Shortages and Drought: From Challenges to Solutions
San Diego, California — May 17-20, 2016

Emerging Issues in Water Management Governance
Albuquerque, New Mexico — November 17-20, 2015

Sustainable Basin Water Management —
Challenges of Supply and Demand Management at the Basin Scale
Reno, Nevada — June 2-5, 2015

[Panel Discussion — Groundwater Management](#)

Planning, Operation and Automation of Irrigation Delivery Systems
Phoenix, Arizona — December 2-5 2014

Cooperating Organization: Environmental and Water Resources Institute
American Society of Civil Engineers

Groundwater Issues and Water Management —
Strategies Addressing the Challenges of Sustainability
Sacramento, California — March 4-7 2014

Co-located with the Groundwater Resources Association of California

The Agriculture/Urban Water Interface — Conflicts and Opportunities
Denver, Colorado — October 22-25, 2013

Co-Sponsored by Rocky Mountain Section,
American Society of Agricultural and Biological Engineers

Seventh International Conference on Irrigation and Drainage
Using Technology to Better Manage Irrigation Water Supplies
Phoenix, Arizona — April 16-19, 2013

Managing Irrigation Systems in Today's Environment
Reno, Nevada — November 13-16, 2012

Irrigated Agriculture Responds to Water Use Challengers — Strategies for Success
Austin, Texas — April 3-6, 2012

Sixth International Conference on Irrigation and Drainage
The Struggle for Efficiency — Actions and Consequences
San Diego, California — November 15-18, 2011

Emerging Challenges and Opportunities for Irrigation Managers
Albuquerque, New Mexico — April 26-29, 2011

Meeting Irrigation Demands in a Water-Challenged Environment
Fort Collins, Colorado — September 28 - October 1, 2010

Upgrading Technology and Infrastructure in a Finance-Challenged Economy
Sacramento, California — March 23-26, 2010

Fifth International Conference on Irrigation and Drainage
Irrigation for Food, Energy and the Environment
Salt Lake City, Utah — November 4-7, 2009

Irrigation District Sustainability — Strategies to Meet the Challenges
Reno, Nevada — June 3-6, 2009

Managing Water in a Climate Changing World: Implications for Irrigation, Drainage and Flood Control
Portland, Oregon — September 17-20, 2008

Urbanization of Irrigated Land and Water Transfers
Scottsdale, Arizona — May 28-31, 2008

Fourth International Conference on Irrigation and Drainage
The Role of Irrigation and Drainage in a Sustainable Future
Sacramento, California — October 3-6, 2007

Held in conjunction with the 58th International Executive Council Meeting of the
International Commission on Irrigation and Drainage.

SCADA and Related Technologies for Irrigation District Modernization, II
Denver, Colorado — June 6-9, 2007

Ground Water and Surface Water Under Stress: Competition, Interaction, Solutions
Boise, Idaho — October 25-28, 2006

SCADA and Related Technologies for Irrigation District Modernization
Vancouver, Washington — October 26-29, 2005

Third International Conference on Irrigation and Drainage
Water District Management and Governance
San Diego, California — March 30 - April 2, 2005

Water Rights and Related Water Supply Issues
Salt Lake City, Utah — October 13-16, 2004

Second International Conference on Irrigation and Drainage
Water for a Sustainable World — Limited Supplies and Expanding Demand
Phoenix, Arizona — May 12-15, 2003

Helping Irrigated Agriculture Adjust to TMDLs
Sacramento, California — October 23-25, 2002

Co-sponsored by the Association of California Water Agencies

Energy, Climate, Environment and Water — Issues and Opportunities for Irrigation and Drainage
San Luis Obispo, California — July 9-12, 2002

Co-Sponsored by the Environmental & Water Resources Institute, American Society of Civil Engineers
and the Irrigation Training and Research Center, California Polytechnic State University

Irrigation Water Management in a Changing Energy Environment

The first in a series of three Energy Workshops was held in Rapid City, South Dakota, on November 27-28, and the second Workshop was held on December 12 in Las Vegas, Nevada, in conjunction with the Colorado River Water Users Association Annual Meeting. The third and final Energy Workshop was held in Reno, Nevada, on January 22, 2002, preceding the Annual Meeting of the Mid Pacific Region Water Users Conference.

Transbasin Water Transfers
Denver, Colorado — June 27-30, 2001

Co-Sponsored by the Bureau of Reclamation, Garrison Diversion Conservancy District, and Northern Colorado Water Conservancy District

First International Conference on Irrigation and Drainage
Meeting Human and Environmental Needs through Sustainability, Rehabilitation and Modernization
Fort Collins, Colorado — June 20-24, 2000

Modernization of Irrigation Water Delivery Systems
Phoenix, Arizona — October 17-21, 1999

Benchmarking Irrigation System Performance — Using Water Measurement and Water Balances
San Luis Obispo, California — March 10-13, 1999

Shared Rivers: River Basin Management to Meet Competing Needs
Park City, Utah — October 28-31, 1998

14th Technical Conference on Irrigation, Drainage and Flood Control
Phoenix, Arizona — June 3-6, 1998

Best Management Practices for Irrigated Agriculture and the Environment
Fargo, North Dakota — July 16-19, 1997

Competing Interests in Water Resources — Searching for Consensus
Las Vegas, Nevada — December 4-7, 1996

Water for Agriculture and Wildlife and the Environment — Win-Win Opportunities
Bismarck, North Dakota — June 27-29, 1996
